## Capacity building of partners/counterparts:

The MRC organised capacity building programme on migration for 20 district officials of Labour and Human Resource Department Punjab. The training aims to build capacities and knowledge of District Labour officials in the field of migration management including labour migration, human trafficking, migrant smuggling and protection of migrants' rights.

## Feedback from MRC beneficiary during a field visit to Sialkot:

"We are very thankful to MRC for organising this awareness raising session in our village as most of the young people here are very desperate to go abroad. Today, after listening to what MRC has shared we will now become MRC ambassadors and shall guide people on safe migration. We will also refer people who seek migration related information to MRC so that they can be better guide them."

## Positive comments/feedback

**Art Deign:** "Thanks, really very informative. God Bless, both of you"
