In July 2020 **1,512** messages on safe and informed migration, work / study abroad and travel updates were disseminated

Due to the corona virus pandemic most of the countries have closed their borders for international travelers or have very strict arrangements. In the current situation, you should be careful when offered a work visa and asked to pay for it. Agents might cheat you with fake work offers. To protect yourself and to get authentic information about travel or work abroad opportunities, please contact the Migrant Resource Centre **Hotline 0304-1112123** or **info@mrc.org.pk**. **All information will be given free of cost.**
